Selectmen's Report

Highways:

Again this year, there was a necessary overdraft of highway funds, although the deficiency was not as large as in some years previous. Weather conditions and resulting plowing and sanding costs rapidly deplete already slim budgets, particularly if there is much snow or ice during the final two months of the fiscal year.

It becomes increasingly apparent that more funds should be appropriated for highway purposes; that our previous highway budgets have not been realistic. To properly and fully maintain, plow and sand our entire secondary road network, however, would require at least an additional \$10,000 annually. Without a windfall or added state aid, this would be a crushing burden on the taxpayer of the town.

Canaan has the dubious distinction of maintaining more active Class V (dirt or gravel) road (83 miles) than any other town in the state, save one. At the same time, we expend less per mile for all purposes than most towns. Our road dollars are spread thin and real accomplishments are difficult to detect.

One solution to part of this most difficult problem appears to be the discontinuance of several miles of our present Class V road network. The Board of Selectmen therefore recommend to the Town that it vote favorably on the article in this year's Warrant to appoint a Special Road Commission to completely survey town road needs, hold hearings and report back with recommendation to the next annual Town Meeting. Our Board of Selectmen is confident that recommendations to discontinue certain seldom used roads, if approved by the Town, will materially aid in balancing our road budget as well as improving our remaining road network.

* * *

Pursuant to the vote of the Town, your Selectmen appointed one town Highway Agent who assumed his duties January 1, 1955. There were several qualified candidates and selection was difficult. Two of the former three road agents were among the candidates. Thus, in the selection of Mr. Claude Decato, your Board was of the opinion that it was choosing a man of experience as well as one who had not been a 1953 road agent.

The Selectmen recommend that the "one-man" road agent system, as presently constituted, be retained, since the Board is of the opinion that benefits to the Town by way of better roads, service and tax dollar savings will result.

Brush:

Last summer your Selectmen voted to expend \$300 of the

\$900 brush cutting appropriation for purchase of a mechanical, gasoline-powered brush-cutter. This machine, with an experienced operator, is rated to cut five times as much brush as a man with hand tools. The decision to purchase the brush-cutter has paid off for the town since as much, if not more, brush was cut this year with only \$600 as was cut in 1953 with nearly \$900. The town now owns the machine and your Board of Selectmen recommends the appropriation of another \$900 to cut roadside brush in 1955. One or two more years of similar appropriations will solve the pressing problem of brush growth so that only a substantially reduced appropriation for cutting will be required in future years.

PIKE PLACE:

In December, 1953, the town acquired the so-called Pike Estate on Back Bay road for taxes. In December of that year and during the first two months of 1954, considerable property and fixtures were removed from the estate by persons who were unaware that the town owned the property. In removal of many fixtures considerable damage was done to the interior of the residence.

Your Selectmen immediately initiated necessary legal measures to recover the property, most of which was returned and reinstalled. Following an effort to dispose of the property by local sale, your Board, with approval of the Budget Committee, listed the estate with a national real estate clearing house. The property is on the market nationally at \$17,000.

Other expenditures for the year included repairs to roof and windows, mowing, care of grounds and cleaning of house. Your Selectmen are most anxious to dispose of this property promptly and profitably for the Town and to return the estate to the active tax rolls. But, an annual appropriation of several hundred dollars will be required until the property is sold and to prevent deterioration of the buildings and grounds.

Fire Department:

Your Selectmen recommend that the Town bond itself to finance construction of a new fire station to house both pieces of fire apparatus. The present fire house is in a private home and would eventually have to be moved when the present fire chief retires. His barn will not accommodate the new truck and alterations are not feasible.

The Board recommends construction of a cement block, two-door fire station on town land between the Town Building and the residence of the Town Clerk and Treasurer. Both trucks and all equipment would be under one roof, centrally located. Heat would be economically piped from the heating plant in the Town Building.

Taxation and Finance:

This year, for the first time in many years, your Selectmen made an especial, honest and painstaking effort to re-assess some 250 pieces of resident and non-resident real estate in Canaan for purposes of taxation.

Your Board feels that this effort has been a step in the right direction, toward the desired goal of equalization of the property tax burden according to law. To equally distribute the tax burden, each taxable piece of real estate must be assessed by the same standards and by the same yardstick. Once reasonable equalization is reached, increases in town and school costs will be shouldered proportionately by all.

With increases again this year in the school and town budgets, and with little likelihood of any increased financial aid from the State, property owners of town are again heading for another substantial and unavoidable increase in 1955 tax bills. In order that the burden of this increase may be equally assumed by all in proportion, your Selectmen suggest that the Town may wish to request a full-scale professional re-assessment of all real estate and stock-in-trade by the State Tax Commission during the year ensuing.

Your Selectmen, as assessors cannot devote the time to conduct a full and proper physical re-assessment of every property in town. Your State Tax Commission is equipped to do so and has rendered capable and constructive services to other towns requesting re-assessment. It should be pointed out, that once re-assessment has been completed, all records, cards and assessing data are turned over to local authorities, thus assuring an even and equitable tax base for the years ahead.

Town Buildings:

This year funds must be provided to complete painting the Town Library on Canaan Street. The Town House is already in need of paint both inside and out. The Town Building in the Village requires paint on the north side and the whole building will need paint next year.

It might be wise for citizens to look to the future before heavy expenditures are made on all of these buildings. Canaan cannot afford all of them. The day will come when good business, convenience and economy may assert itself with the merger of most town functions into one building.

Tractor:

Your Selectmen and your Road Agent recommend immediate disposal of the old town tractor for the highest price. A careful examination of the unit was completed last year. Repairs will be well in excess of \$1,000. If the town does not elect to dispose of the tractor, necessary additional funds to repair it must be provided this year since, in its present condition, it is worthless and has not moved from the Town Shed for over 16 months. Funds from sale of the tractor, if sale is sanctioned, will be placed in the capital reserve account.

General:

We recommend that the Town adopt the Article in this year's Warrant placing town officials under the Social Security Act.

* * *

Pursuant to a vote of the Town, Municipal Ordinances have been created and recorded.

* * *

Your Selectmen wish to thank all citizens, other town officers and the Budget Committee for their cooperation and assistance during the past year. Over the years our job has become increasingly more difficult and time-consuming and the assistance of others in the performance of our duties is appreciated.

Respectfully submitted,

STANLEY C. BOGARDUS
JAMES Q. RICARD
EDWARD J. BENNETT
Board of Selectmen.

Warrant for Town Meeting

L. S. THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Canaan, County of Grafton, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House, in said Town, on the second Tuesday of March, next, (March 8, 1955) at ten of the clock in the forenoon, to act upon the following subjects:

Polls open at 10 a.m. and close at 6 p.m. Articles in Warrant will be taken up beginning at 1 p.m.

ARTICLE ONE: To choose by ballot and plurality vote: A town clerk, one selectman for three years, a town treasurer, tax collector, overseer of the poor, one library trustee for three years, one trustee of trust funds for three years, and such other town officers as the town may judge necessary to be chosen by ballot or other legal means.

ARTICLE TWO: To see if the Town will authorize the Selectmen to hire money in anticipation of tax revenues.

ARTICLE THREE: To raise such sums of money as may be necessary to defray Town charges for the year ensuing, and make appropriations of the same by approval of the Town budget as submitted by the Budget Committee.

ARTICLE FOUR: To see if the Town will vote to employ the services of the Division of Municipal Accounting, State Tax Commission, to audit the Town books for the year ensuing and to make appropriations for the same.

ARTICLE FIVE: To see if the Town will vote to employ the services of the State of New Hampshire Assessors to reassess the Town, and to raise money for the same, or take any action thereto.

ARTICLE SIX: To see if the Town will vote to authorize the selectmen to continue the present policy of joint financial cooperation with the State of New Hampshire in the construction of bridges, and to authorize the selectmen to hire necessary funds to provide the Town's share in any construction work authorized and undertaken in the year ensuing.

ARTICLE SEVEN: To see if the Town will authorize the Selectmen to appoint an advisory board of highway commissioners, without compensation, for a term of one year, to review the Town's highway system for the purpose of consolidating and improving Class V road mileage; and to report any recommendations for action at the next annual Town Meeting.

ARTICLE EIGHT: (By Petition) To see if the Town will vote to abolish the system of having the selectmen appoint the road agent and adopt the system of election by a majority vote of the Town voters.

ARTICLE NINE: To see if the Town will authorize and empower the selectmen to sell the Town tractor.

ARTICLE TEN: If the foregoing article is adopted, to see if the Town will vote to authorize the selectmen to expend the proceeds derived from the sale of the Town tractor as a down-payment on a Town road grader, the balance due on said grader to be amortized on a rental basis, at terms satisfactory to the selectmen.

ARTICLE ELEVEN: To see if the Town will vote to adopt a plan for extending to employes of the Town the benefits of Title 11 of the Federal Social Security Act (Old Age and Survivor's Insurance) as authorized by Chapter 234 of the Laws of New Hampshire, 1951, and to raise and appropriate the sum of \$300.00 to defray the Town's share of the cost thereof.

ARTICLE TWELVE: If the foregoing article is adopted, to see if the Town will authorize the selectmen to execute on behalf of the Town the necessary agreement with the State of New Hampshire to carry into

effect the plan and to see if the Town will designate the Town treasurer as the officer to be responsible for the administration of the plan.

ARTICLE THIRTEEN: To see if the Town will vote to expend the sum of \$80.00 as this Town's share for support of the Dartmouth-Lake Sunapee Regional Association, or take any action thereto.

ARTICLE FOURTEEN: To see if the Town will vote to authorize the Selectmen to borrow the necessary money on a long term note to make full payment on the new fire truck.

ARTICLE FIFTEEN: To see if the Town will vote to build a new fire house, to house both fire trucks and equipment, said building to be an addition to the Town Building, in Canaan Village, and utilizing the heating system facilities thereof, or take any action thereto.

ARTICLE SIXTEEN: To see if the Town will vote to authorize the Selectmen to borrow the sum of three thousand dollars (\$3,000.00) on a long-term note, to finance the construction of a fire house.

ARTICLE SEVENTEEN: (by request) To see if the Town favors a State Sales Tax, revenue from such tax to be apportioned among the towns to relieve the burden of the property tax.

ARTICLE EIGHTEEN: (by petition) To see if the Town will vote to accept winter maintenance of the Andrews Road, so called, or take any action thereto.

ARTICLE NINETEEN: To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto, and to transact any other business that may come before this meeting.

Given under our hands and seal this nineteenth day of February, nineteen hundred and fifty-five.

AUDITORS' CERTIFICATE

We, the undersigned, Auditors of said Canaan, New Hampshire, have examined the accounts of the Treasurer, Town Clerk, Selectmen, Tax Collector, Highway Agents, Trustees of Trust Funds, Trustees of Library, and Municipal Court, and find them correctly cast and properly vouched for the year ending December 31, 1954.

TRUMAN J. CLARK

JOSEPH C. CHANDLER

Auditors

YOUR TAX INCOME DOLLAR

How and where does the Town and School District raise its revenue? Based on a total School and Town appropriation of \$100,000 for 1954, the "pie" graph below tells the story.

- Exhibit A Shows that 85 cents of every dollar raised for both town and school purposes is assessed on local property, machinery, stock-in-trade utilities and cattle.
- Exhibit B Shows that eight cents of every tax dollar raised is contributed locally from motor vehicle fees, dog licenses, permits, court fines, trust funds and interest income.
- Exhibit C Represents income received by the town from the State and includes Duncan money,

interest and dividends, timber reimbursement, railroad tax and savings bank tax.

YOUR TAX EXPENSE DOLLAR

The pie graph above shows the distribution of Canaan's 1954 income dollar, 85 percent of which was raised by local property tax.

Based on an approximate town and school combined budget of \$100,000, 46 cents of each income dollar was spent on schools, 29 cents on highways, (including maintenance, general expense, brush, tarvia, sewers, sidewalks, TRA-towns share and tractor.) Ten cents of each income dollar went for relief, including Old Age Assistance and Town Poor. County taxes took four cents, service of debt another four cents and all other town charges, including salaries, expense, insurance, town buildings, fire and police, libraries, street lighting, recreation, dump, etc. only seven cents.

Report of Vital Statistics

BIRTHS

Date and place of birth; name of child; name of father and maiden name of mother.

- Feb. 6 Lebanon, Linda May, Westly D. Moody, Rita S. Chellis.
- March 10 Hanover, Vickie Lou, Victor Corno, Louise E. Decato.
- March 12 Lebanon, Judy Ann, Cecil C. Gowing, Ellen L. Cross.
- April 24 Lebanon, Norman Roger, Charles S. Adams, Marlene F. Rock.
- April 30 Lebanon, Denise Marie, Joseph E. Bonnier, Rita M. Dionne.

SCHOOL CALENDAR

1955-56

Open Sept. 7 (Wed.)	Close Dec. 16 (Fri.)
Open Jan. 3 (Tues.)	Close Feb. 17
Open Feb. 27	Close April 20
Open April 30	Close June 18 (Mon.)
Days out: Nov. 24, 25; May 30 (Wed.)	
Close 12:30 Nov. 23.	

Total number of days required by State Board is 180 including 3 for institutes and conventions and up to 5 for workshops.

Pupils must attend school if 6 by September 30 and may enter if 6 by January 1.

Vaccination is required by state law unless child has written excuse from doctor.

Superintendent's Report

We quite often see articles in newspapers and magazines written by nationally syndicated columnists "panning" and "telling" educators what ought to be done. Simply because one becomes an authority in the field of politics, foreign affairs, subsidies, or even football, does not qualify one as an expert in all things. The expert on what can be done in an ungraded rural school is to be found in an ungraded rural school; the expert on what can be done in a small high school is to be found in the small high school. The columnist experts are unacquainted with the "educational facts of life" and will remain so until such time as they actually spend a year, more or less, in an actual situation teaching the pupils themselves. Of course **they can not** afford to do this and a quick, superficial survey plus a few interviews and a posed picture or two must be the basis of material for an expression of opinion. Unfortunate it is that their opinions are so widely read, and believed. Not all of us in the educational field can improve our work and have the potential of always doing a better job. Much remains to be discovered and learned in the field of human conduct, but for a college president or a noted columnist to write that **all** pupils in high school should have a couple of years of Latin, or three years of college preparatory mathematics is too absurd to merit additional space. Our pupils must be taught to read current publications with the proverbial grain of salt. Freedom of the press is not license, and carries on its shoulders the greatest of responsibilities.

Once again we enter a legislative year with political leaders of both parties pledged to no new sources of tax revenue which simply means that the local property tax will continue to bear the major part of increased costs of educating our children. Even granting the possibility of a stable economy, costs of education will increase where: 1) There are significant increases in the school population; 2) There is need of extensive remodeling or new buildings; 3) Where new educational offerings

become necessary; 4) Where there is competition for teachers. There is an old, and elementary, law to be found in any high school economics text book that where there is a limited supply and an increasing demand for a commodity the price will increase. Numerically there will be a shortage of teachers for many years ahead; qualitatively speaking there is always a shortage. Teachers have the benefit now of being in the driver's seat of a "selling market." Until such time as state aid becomes available in sufficient quantity to absorb these increasing costs the local property owner will pay the bill. Only when this condition has been met will state aid, in still larger quantities, be of any great value in lessening the burden on the property owner. If you, as a property owner, are willing to absorb these costs there is, and will be, no need of new taxes; if you really want tax relief new sources of revenue are necessary, in the opinion of the writer. To say that it doesn't make any difference because the consumer pays the bill anyway is to overlook the fact that different people consume different things, and all consumers in the State of New Hampshire do not live here "the year round" nor do they all own property! There are several towns in this union which could well use several times the aid now being received. Other towns can not have modern buildings until special building aid is allocated from a higher level either state or federal. What do you want for your children? Are you willing to "pay the freight" on on present tax bases? These are the vital questions. The squeaky wheel gets the grease! Legislators have sensitive ears!

Using our present enrollments and the pre-school census as bases we can expect, beginning with 1955-56, enrollments of 281, 282, 294 and 300 in successive years in the elementary schools, and 84, 98, 104, 111, 138, 155, 158 in the high school. It will be difficult to properly house 100 pupils in the present high school building, and impossible to offer them a reasonable program of studies and

activities with the present staff. Obviously some better solutions must be found than just "struggling along" the best we can. At present we have too many students not attending high school because of our very limited offerings. Students at this age level should be able to choose some vocational courses and should be able to participate in athletics and other school affairs of a social nature. Vocational courses should be fitted to the actual community needs of the pupils, and, in general, involve large space areas, are expensive to equip and maintain, not to mention the problem of finding teachers in these fields. A casual study of these problems would seem to find no solutions, and yet solutions there must be!

The only sure thing is that it is going to cost a lot more money to educate over 400 pupils in the Canaan schools no matter how it is done. When facing such problems as these can one be blamed for feeling a bit disgusted with those in the legislative halls who feel that the property owner should bear the burden almost alone? We are making a thorough study of these problems with the cooperation of the State Board of Education during the current year and will have definite recommendations for the 1956 annual district meeting, or before. A possible solution, or two, of my own thinking astounds me and would I'm sure, frighten the tax naver! Some shifting in the school population might change these figures but during the past years the shifting has been to Canaan rather than away from it. I feel that these problems are extremely serious.

Teachers' salaries in Canaan are at a very low figure on any comparative basis one wishes to take. The beginning salaries of the graduates of Plymouth Teachers' College last year averaged about \$2850 which means that many got more than that. No salary in the Bristol System next year will be under \$3050. The teachers in Franklin are working for a minimum of \$3072. Alexandria, Grafton, and Bridgewater are paying their elementary

teachers more than Canaan's are receiving. The teachers have asked for a 10% increase for next year and the school board has approved an increase of \$200 each, and made allowance for the same in the budget. I believe this to be the least that can be done to improve salaries for next year. As previously stated in this report the supply of teachers will be less than the demand, making a rising salary level inevitable. This is another problem in Canaan to which there is no inexpensive answer. Wouldn't \$30,000 in state aid look good in Canaan?

The addition of an extra elementary teacher during the current year is producing results besides filling a real need. Our first grade this year numbers 50 which obviously requires two teachers. It looks as though the entering grade next year would be smaller although our total enrollment will be breater. Whether we use two first grade teachers or have one working with pupils in grade one and two will depend largely on actual numbers in each grade. This year I feel everyone is profiting from the move, especially the first graders themselves.

Our problems during the next few years are very serious and will require larger and larger appropriations. It is my opinion that Canaan's property owner should not pay for all of this, and that material increases in state aid must be forthcoming. Watch those legislative halls in Concord—and actively support bills affecting your pocket-book!

Respectfully submitted,
C. Maurice Gray
Superintendent of Schools

Supervisory Union No. 4 Budget

N. H. Laws Chapter 135, paragraph 43. "The school boards of the several districts forming a supervisory union shall meet between April first and June first in each year at a time and place fixed by the chairmen of the several boards, and organize by choosing a chairman, a secretary and a treasurer. They shall, when necessary, nominate a superintendent or superintendents, fix the salary or salaries, and apportion the same among the several districts and certify the apportionment to their respective treasurers and to the state board of education."

Chapter 135, paragraph 47. "At a meeting held before January first of each year the supervisory union board shall adopt a budget required for the expenses of the supervisory union for the next fiscal year, which budget may include the salary and expenses of supervisors of health, physical education, music, art and guidance, and any other employees, and expenses necessary for the operation of the supervisory union The basis for apportionment shall be one-half on the average membership of the previous school year and one-half on the last adjusted (Ch. 157, 1951) valuation of the district."

The chart of expenses is based on action taken by the union. (See page following.)

Warrant for School Meeting

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Canaan qualified to vote in district affairs :

You are hereby notified to meet at the Elementary School in said district on the 4th day of March, 1955, at eight o'clock in the afternoon, to act upon the following subjects :

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year. ,
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will grant an increase of two hundred dollars (\$200) to each teacher for the school year of 1955-56 in addition to the one hundred dollars in the school budget. (By petition)
10. To see if the school district will vote to adopt a plan for extending to employees of the school district the benefits of title II of the Federal Social Security Act

(Old Age and Survivor's Insurance) as authorized by Chapter 234 of the laws of 1951 and to raise and appropriate the sum of \$70.00 to defray the school district's share of the cost thereof.

11. If the foregoing article is adopted to see if the school district will authorize the school board to execute on behalf of the school district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the school district will designate the School District Treasurer as the officer to be responsible for the administration of the plan.

12. To see if the district will vote to authorize the School Board to use any receipts under-estimated in the budget for 1955-56 to pay liabilities under-estimated in the 1955-56 budget.

13. To see if the school district will vote to allow the Parent Teacher's Association to hold their meetings and fund raising activities in the elementary school auditorium without any charge to said association. (By petition)

14. To transact any other business which may legally come before said meeting.

Given under our hands at said Canaan this 17th day of February 1955.
